

EP719R EP716R

Digital DLP® Projector

**Bright,
Quiet & Secure**

**High quality XGA/SVGA projector for all multimedia needs
- from the classroom to the boardroom**

Dual VGA inputs for Optimum Connectivity

Optoma pioneered the use of VGA inputs for both PC and SCART. The unique SCART/VGA adapter enables direct connection of a SCART source to the projector with readily available VGA cabling.

The new EP719R and EP716R projectors have two VGA inputs, allowing simultaneous connection of a PC and a SCART source, providing optimum quality for both inputs. No cable swapping or re-configuration is required. Either source can be directly selected from the remote control, allowing you to stay in charge of your multi-media presentation.

Password Protection for Peace of Mind

With picture quality this good, everyone will want to use the EP719R or EP716R. Password protection can prevent unauthorised use of the projector, in addition, a timer mode allows the projector to be loaned out for a fixed time before it is automatically disabled.
